

Press Release

DVRS REGISTERS 293209 VEHICLES IN THE PUNJAB PROVINCE

Lahore, November 8, 2018

The automated Dealers Vehicle Registration System (DVRS) developed by Punjab Information Technology Board (PITB) for the Punjab Excise, Taxation and Narcotics Control Department (PET&NCD) registered 293209 vehicles by 73 authorized showroom dealers across the province of the Punjab by issuing registration plates at the time of sale of 291532 motorcycles/scooters, motor cars 103391, rickshaw 2756, wagon 268, pickups 258, tractors 32 and double cabin (Luxury) 29 and generated revenue worth Rs.1.4 Billion (Rs. 1,422,735,907/-).

In order to streamline the process of registration of motor vehicles in the Punjab, a centralized DVR system was introduced in August 2016. An interface of the system available with selected vehicle dealers across the province whereby the vehicle is registered and number plate issued at the dealer before it leaves the showroom. This not only facilitated the citizens in avoiding the cumbersome process of getting the vehicle registered standing in long queues and paying multiple visits of the Motor Vehicle Registration office but also regulated the entire process and enhancing the government revenue.
