PITB's App OCAS OPERATIVE FOR 728 COLLEGES ONLINE ADMISSION

The Online College Admissions System (OCAS) App developed by the Punjab Information Technology Board (PITB) for Higher Education Department (HED) of Punjab for processing intermediate admissions applications for their FA, FSC, ICS programs. is now live to process Intermediate Applications for the cycle 2018-19, in 728 colleges across all districts of the Punjab. OCAS has processed over 1.2 Million Intermediate Applications since its launch in 2011.

OCAS provides a web-based facility for applicants to submit admission application(s) online. OCAS is built to provide easy, convenient, efficient and reliable access to students for admissions in the government colleges for higher education. The salient features of the system include 24/7 access, apply from any place with internet access, track admissions application status via college website, and integration with BISE results.

College brochures are available free-of-cost on OCAS Portal: www.ocas.punjab.gov.pk. OCAS has considerably reduced the visits of students and their parents to colleges, ensuring timely compilation of applications and merit lists.
