PITB HOLDS TEACHERS TRAINING SESSIONS ON eLearn.Punjab

Lahore, May 15, 2018

A team of Punjab Information Technology Board (PITB) held three-day training sessions on the “Scale-up of eLearn.Punjab at all Public Schools Having Smart Board” for Grade 8 Science, Mathematics and IT Teachers of public schools from district Sheikhpura, IT teachers of 28 public schools across district Faisalabad and IT teachers of 10 public schools across district Hafizabad. The participants were briefed about the project trailed by videos, animations, simulations and hands-on session on an interactive screen.

The respective Education officials gave an overview on the importance of eLearning system and its role in establishing education system and lauded PITB’s eLearn team’s efforts, terming the use of technology in education as investment in the generation. The digital content has modernized and improved the education system, which is being implemented by the teachers. PITB’s project eLearn.Punjab has so far digitized content in their smart classrooms for Grade 8.
