

## PRESS RELEASE

### **The Portrait of Arfa Karim Randhawa Unveiled at ASTP**

Lahore, March 6, 2018

The portrait of Arfa Karim Randhawa who gave Pakistan a name in the IT industry at global level, the youngest computer genius and one of the most beloved daughters of the nation was unveiled by her parents along with Chairman PITB, Dr. Umar Saif at ASTP entrance. Parents, teachers and IT experts were gathered at the unveiling of Arfa Karim's portrait to pay homage to our wunderkind who left us too soon.

On this occasion, Chairman PITB Dr. Saif said that Arfa Karim Randhawa was a symbol of global success and innovation; ITU has a scholarship named after her. He said "Brilliant girls like Arfa Karim are a ray of hope for the whole nation; her contributions to the field of IT shall forever be an inspiration." May this sketch remind us every day how a little girl put Pakistan on the world map of IT and why it's important to educate females and celebrate our heroes, he added.

While her parents said "We're thankful to Dr. Umar Saif for keeping her prodigious contributions alive & taking her legacy forward."
